

DAINTREE

LANDE

INSPIRED BY NATURE, COMMITTED TO  
EXCELLENCE

Daintree is an amenities brand that embodies the perfect balance of sophistication, sustainability, and well-being.

Inspired by the natural richness of the tropical rainforest from which it takes its name, Daintree offers a thoughtfully crafted line of products designed to elevate the hospitality and self-care experience—without compromising environmental values.

*Daintree*

At Daintree, we believe that modern luxury must be sustainable. That's why our production and packaging processes prioritize reducing environmental impact by using recyclable, biodegradable materials and low-energy solutions.

# RUSTIC WITH A TOUCH OF ELEGANCE

With a **rustic yet elegant design**, the cases are made from **100% recycled and recyclable cardboard**. They feature a die-cut opening system that replaces the inner wrapper, optimizing resources and ensuring hygiene upon first use.

We use **soy-based inks**, an eco-friendly alternative made from refined soybean oil which **reduces environmental impact** compared to traditional inks and facilitates full recyclability of the packaging.

The **inner accessories** are crafted from **renewable plant-based waste**, supporting the circular economy. Their unique finish, with visible **wheat fiber** particles, gives them a distinctive texture and a clearly differentiated appearance from conventional products.
