

The background features a close-up, low-angle shot of palm fronds. The fronds are dark green and show strong diagonal shadows, creating a rhythmic, textured pattern. The lighting is soft, highlighting the veins of the leaves. Centered over this background is the text 'eco' in a white, elegant, cursive script, followed by 'THINK GREEN' in a white, bold, uppercase sans-serif font.

# ABOUT

Eco Think Green is our own brand of eco-friendly amenities, designed with an approach that blends sustainability, elegance, and well-being.

Each product is created with respect for the environment, using natural ingredients and recyclable packaging.

# ECOLABEL

Committed to the principles of the circular economy, Eco Think Green aims to offer a sophisticated experience aligned with the values of responsible and conscious hotels.

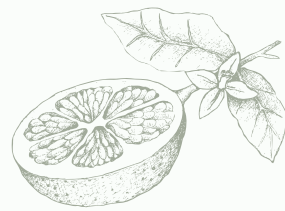

The bottled products and the Eco-System dispensing solution are certified with the Ecolabel, the official mark of the European Union that guarantees a high standard of environmental sustainability throughout the product's life cycle.

Eco Think Green is more than just a line of amenities: *it's a smart choice for those who wish to care for their body and respect the planet.*

# AROMAS
