

Argan Meadow®

LANDE

# *Argan Meadow*

Argan Meadow is a sustainable brand that enhances the guest's bathing experience

Argan Meadow is a cosmetic brand inspired by the purity of nature and designed to offer exceptional sensory experiences. Its concept is based on the creation of lightweight formulas with elegant fragrances, conceived to transform personal care moments into sensations of well-being and connection with the natural environment.

The products are developed and manufactured in the European Union under the most demanding quality and safety standards, and are distributed internationally. The formulations are free from parabens and phthalates, and each ingredient is evaluated by a specialized team to ensure efficacy, safety, and respect for both body and mind.

Argan Meadow's vision combines sustainability, sensoriality, and quality, transforming the daily routine into an experience that invites relaxation, escape, and reconnection with nature.

# *Argan Oil*

Argan oil comes from the seeds of the argan tree, one of the oldest trees on Earth.

Its oil is among the rarest in the world due to its very small and specific cultivation area in southwestern Morocco.

Argan oil is rich in antioxidants and vitamin E, and helps keep the skin soft and elastic.

# *Eucalyptus & Peppermint*

Formulated to deeply hydrate, this line incorporates argan oil and aloe vera extract, known for their nourishing, antioxidant, and soothing properties.

The eucalyptus and mint collection offers a gentle repairing action for both hair and skin, providing an immediate sensation of freshness and well-being.

Its clean and stimulating fragrance evokes green, remote landscapes, where nature reveals itself in its purest state.

*An invitation to disconnect and reconnect with what truly matters.*

# Neroli & Wood

The citrus freshness of neroli blends with the warm, exotic notes of guaiac wood, transporting the senses to an unexplored paradise of lasting well-being.

A revitalizing, sophisticated, and unexpectedly enveloping fragrance that transforms every moment into a unique sensory experience.

*Clean aroma, revitalizing well-being.*
