LANDE

ABOUT US

It is one of the favorite beauty salons of national and international celebrities for being a benchmark of holistic and cosmopolitan beauty in Spain, and for being pioneers in bringing new trends to our country.

The Lab Room Beauty Collection is sold at Fred Segal in Los Angeles and California, at Orlando Pita's Salon in NYC, at La Beauté in Hong Kong...

Currently, one of its star products has been awarded the Editor's Choice prize at the Los Angeles Beauty Shortlist Awards.

Natalie Portman, Gwyneth Paltrow, Jennifer Lopez, Plácido Domingo, and Penélope and Mónica Cruz have trusted The Lab Room for their most important events, being present at the Golden Globes and taking the brands "Madrid" and "Spain" around the world.

EXCLUSIVITY FOR THE WORLD'S BEST HOTELS

Mónica Ceño specializes in creating bespoke perfumes for hotels. She is an expert in L'Oréal Paris skincare and the founder of the iconic beauty salon The Lab Room. She and her exclusive lines of cosmetics are based on aromatherapy and botanical extracts.

Another of her creations is a luxurious range of amenities made exclusively for the world's finest hotels, featuring exquisite ingredients and fragrances, bringing the beauty ritual into the hotel room to keep skin and hair healthy, wherever you are.

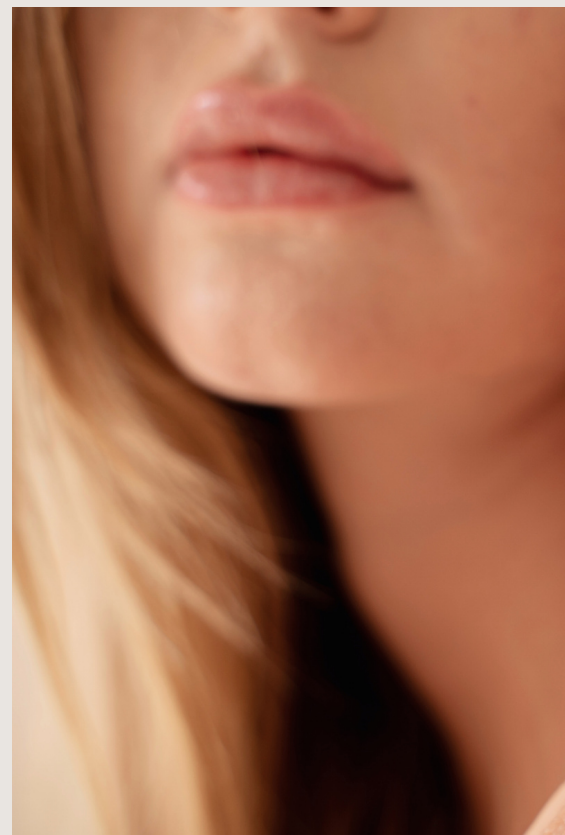

FACIAL CARE

The facial care collection by THE LAB ROOM, one of its most recognized and highly valued lines, is developed with an exclusive blend of natural botanical ingredients, essential oils, and carefully selected active ingredients to deliver visible results and a unique sensory experience. This line reflects the brand's holistic approach to well-being and conscious beauty.

HYDRATION LINE

Designed to nourish, balance, and maintain optimal levels of skin hydration, providing immediate comfort and natural radiance.

BODY CARE

The body care collection by THE LAB ROOM offers a unique sensory experience, based on botanical formulas that cleanse, nourish, and regenerate the skin. With natural ingredients and essential oils, this line transforms daily care into a ritual of well-being and deep renewal.

REVITALIZING BODY LINE

Designed to exfoliate, detoxify, and deeply hydrate, leaving the skin soft, radiant, and balanced.

HAIR CARE

The hair care collection by THE LAB ROOM combines natural ingredients, essential oils, and botanical active ingredients to strengthen, nourish, and revitalize the hair from roots to ends.

A line designed to restore scalp balance and bring back the hair's natural shine and softness.

NOURISHING & STRENGTHENING HAIR LINE

Designed to hydrate, repair, and protect the hair, visibly improving its texture and resilience.

FRAGRANCES

The fragrances by THE LAB ROOM are a reflection of a sophisticated and natural sensory universe. Each essence is carefully crafted to evoke emotions, awaken the senses, and accompany everyday moments with a touch of distinction.

Inspired by botanical ingredients, noble woods, and citrus or spicy notes, their compositions balance elegance and authenticity, offering perfumes that adapt to both the body and the space.

More than scents, they are experiences that connect with the skin and the soul.
